## President's Letter

By Mark Scardina

As I write this Spring is trying hard to break through the cold (for SF) winter we've had. This new year brings renewed post-lockdown energy to your board. Our hope is to entice you to some new events this year. While we have moved the Garage Sale to June 11th, we will be offering a fun family event in our first Sundial Easter Egg Hunt! See the announcement and details in this issue.

Speaking of our board, we say goodbye and give a big thank you to Chris Murriel for his service as vice president since 2018. Unfortunately, we will be losing him as a neighbor as well. His contribution will be missed. To replace Chris, please welcome our current board and social committee member, Colleen Carrigan, into this role along with the continued participation of our officers Sandy, David, and myself. This means that we now have an opening. If you are interested in helping out, please let me know at [president@ithasf.org](mailto:president@ithasf.org).

Last issue I discussed that we were investigating on how to improve neighborhood safety given the SFPD understaffing. A few of you did respond with interest in the SF Patrol Special Police. After further inquiries, we discovered that such a service was not available for our area of the City at this time, so we have tabled the matter for now.

In keeping with our effort to increase neighbor engagement, we are offering a new event. Come join us online as we hear from Richard Brandi, author of *Garden Neighborhoods of San Francisco*, speak on the history of Ingleside Terraces on April 7th. Please see the announcement in this issue.

Over 23 of you volunteered two years ago to join the Fortify Ingleside Terraces (FIT) team which provided services to our seniors and disabled during the height of the lockdown. We set up a hotline, 415-275-0612, which still is active today. As our modes of communication have changed, even telephones and email are no longer effective due to the great number of solicitations and SPAM being received. We are exploring other options and would like to hear from you. One such option for critical or

options and would like to hear from you. One such option for critical or timely communications is text messages as there are services for non-profits such as us. I have also started a discussion in our Terraces Forum at <http://forum.ithasf.org> for us to share thoughts and questions.

Finally, as was announced at the picnic, our Sundial Park was approved as San Francisco Landmark 293 late last year. We have an application pending for a commemorative plaque which will also provide instructions on how to read the local time. Such a plaque existed back in 1913 but disappeared sometime in the 1920s. Stay tuned for an event announcement when we are ready to unveil its replacement.

## ITHA To Host Neighborhood History Zoom on April 7

Brandi will show visuals, cover the fascinating history of the Residence Parks, and answer questions at the end.
